DESERT RAT CIRCUS—Harry Oliver, veteran showman, who is going to open his Desert Rat Circus next Saturday at Thousand Palms, raises the Desert County flag (left) at Fort Oliver. "We have no acrobats now," he said "but when

supervisors see this sign they'll do the tumbling." At the right Mrs. Vernon Peck talks over the circus with Oliver who modestly points to a portrait of himself. (Desert Sun Photos.)

Work on Baristo Flood Channel Starts This Fall

Work on the Baristo flood control channel as it leads across the Indian reservation is expected to get under way early this fall.

This announcement yesterday followed a visit and inspection of the Baristo wash by County Flood Control Engineer Max Bookman Friday.

Herb Samson, secretary of the Palm Springs district of the Riverside Flood Control and Water Conservation commission, yesterday said that right-of-way across the reservation has been obtained for part of the proposed work.

He added that a portion of the work will have to be done by private contractors and Bookman when here Friday, sought bids from Village contractors for the work.

Much of the damage done to private homes by the July flood resulted when waters ran uncontrolled across the reservation into the southeast sector of town.

This Side Of The Sun

By Phat

The saddest words of tongue or pen
Are here's that thing to write again

Well, this is it . . . The First Day (oops, please) of Fall . . . Summer came to an end yesterday and Palm Springs is basking in the sunshine of Autumn . . . The basking isn't going to be so tough from now on . . . And have you tried our nights? . . . It'll soon be time to shake the blankets, silence the coolers and maybe begin to wonder if any crickets got into the heating ducts . . . Another season is upon us.

HAVING DONE our duty by the chamber of commerce it is now time to turn to lesser things . . . Bob Bennett, recreation director, thinks he has something new . . . He got a letter the other day from a man and wife asking about vacation chances in the Village this winter . . . That's not new but it was a form letter . . . That's new . . . It was mimeographed with a place at the top to check in the various kinds of resorts, mountain, sea, desert and so on . . . On Bennett's letter the "desert" was checked . . . Seems that times are bad when someone wanting an easy vacation has to "mooch," so to speak, by mimeograph.

THIS WEEK is a headache for Dick Joy and his KCMJ staff . . . The rest of the nation goes back to standard time next Saturday at midnight . . . We in California do not . . . So Joy and his boys and girls are re-arranging all of their network programs to coincide with one time here and another in the east . . . There is no Joy in Joy . . . In the old days afternoon newspaper men used to have a decided edge in this daylight time thing . . . It used to be that the east went daylight and California didn't . . . That gave us an extra hour to get late baseball scores in the paper, finish the stock market report at 11 a. m. and in general enjoy an extra hour to get the news to the palpitating public . . . But not now . . . Now the boys lose an hour with the east on Standard and California still saving an hour of sunshine.

WEEK OR SO AGO C. C. Neel's automobile was stolen . . . It was found parked near the high school . . . Now, it is noted, he ties it up when he parks, like

See THIS SIDE, Page 2

Desert Rat Circus Will Open Its Doors Saturday

Palm Springs' area is going to have a Ghost Town of its own—one that will rival Knott's in Orange county and Lyons' at Arcadia.

The site is at Fort Oliver, which now is a real fort, a few miles east of town where Ramon road crosses Highway 99 at Thousand Palms. The opening date has been set for Sept. 25, Saturday.

Most of the exhibits are in place and the signs are up.

Fort Oliver will be all set.

THE DESERT RAT CIRCUS, as it is called, has been planned and designed by Harry Oliver, veteran showman and publisher of the Desert Rat Scrap book.

The show will display one of the greatest collections of Gay 90s music makers, Ghost Town relics, desert oddities, mining exhibits—just a happy Museum of Memories, Oliver said.

FORT OLIVER is really a fort now that a collection of old guns, sidearms used by the army from

the Revolutionary war to the Civil war, old posters, prints of battle scenes and so on, have been added.

Among other interesting exhibits are old show posters of the merry melodramatic days, long forgotten iron and wooden kitchen ware, gadgets (they had them then, too) and numerous other items.

SECESSION still rears its ugly head there for Oliver once admitted strenuously the division of Riverside county and wants this half "Desert County."

"That would mean something," he said.

Clippings from newspapers commenting on the secession move abound and Oliver calls his Fort, "Stronghold of the Secessionists."

REGISTRATION for the annual Peg Leg Smith lost mine trek each January 1 are also being taken here, Oliver said he wants more names on the list for over at Knott's, where another register is kept, 8,000 have already

See DESERT CIRCUS, Page 2

School Figures Gaining Steadily

Enrollment of students in the unified school district is continuing steadily with the report yesterday morning showing 1406 students registered.

At the elementary schools within the city, 745 had registered Friday evening with the entire Unified District elementary enrollment topping the 900 mark.

High school enrollment was also up over last year and the new parochial school added almost 200 more.

School officials announced that registration of pupils is taking place every day since the opening with a peak expected around February. Pupils attending schools as of yesterday morning are as follows: Cahulla, 179; Nellie Coffman, 177; Francis Stevens, 389; Cathedral City, 78; Desert Hot Springs, 80, and Edom 18.

Desert Inn Will Open for 40th Season Oct. 15

The Desert Inn will open for its fortieth season October 15, it was announced by James Geggie yesterday. The famous hostelry was first opened under the direct management of Mrs. Nellie Coffman in 1909.

Geggie said that crews are at work in the hotel and on the grounds preparing the establishment for its opening next month.

Tennis Club, Flood Traces Erased, Opens Saturday

With damage from the summer flood completely repaired, the Palm Springs Tennis Club will be re-opened to members and their guests next Saturday night. The formal opening of the fall season will not be held, however, until October 23. Much of the club had to be redecorated and the dance floor replaced. The final touches were being added this week so all facilities would be in readiness for the opening Saturday.

Carl J. Cepicka has been named as the club's new manager. Lee Bering, who has had charge of the famed establishment for the past two years, will remain on the board of directors and serve in an advisory capacity, it was announced.

2 Cars Damaged By Fires in Day

Firemen answered three alarms Saturday, two of them involving burning automobiles.

First call was to the rear of the Standard Oil station at Amado and Palm Canyon drive where a blazing rear seat in the automobile belonging to Bill Ryan, Cathedral city, was extinguished.

At 4:13 p. m. firemen were called to the corner of Athol street and Indian avenue where they extinguished a blaze in Gene LaBoone's automobile but not before it gutted the interior.

Around midnight Friday an alert citizen called firemen when he saw black smoke pouring from an apartment of the Palm Springs Hotel. When firemen arrived and investigated, they found the smoke was caused by the burning of paper in a fire place. No damage.

Anti-Spinner Drive Planned

Complaints by residents in the neighborhood of the Palm house on South Palm Canyon drive, that motorists were traveling at dangerous speeds, caused Chief of Police August Kettmann to issue a warning yesterday that offenders would be cited into court and severe penalties in progress.

A stake-out of police officers in the area is planned in a campaign to abate the practice, Kettmann said.

Registration for Draft in Village Below Estimate

By deadline time, Saturday 5 p. m., not more than 500 men of draft age had registered at Palm Springs high school, registrar in charge Mrs. Roxlie Bohrer, said.

Saturday, last day for registrants, saw only a dozen 18-year-olds appear.

Before the draft started it was estimated that approximately 2500 men of draft age, 18 through 25 resided in the area covered by the consolidated school district.

DR. ARTHUR G. HOFF, superintendent of the Palm Springs Consolidated district was told to base his computations on the number of draft age men as four times the average high school attendance of last year. This calculation forecast a possible registration of 2500.

Cause of the light registration here was laid to the fact that most families which include draft age members have not yet returned to Palm Springs.

THESE Mrs. Bohrer believes registered with boards nearest their summer homes.

"I trust, however," declared Mrs. Bohrer, "that those persons who should have registered, as required by law, did so. A penalty awaits those who failed."

She added, too, that men who reach their 18th year must register within five days of that anniversary and as far as she knows the place of registration will remain at Palm Springs high school.

Summer Leaves Scene Quietly

Summer is leaving quietly and gives no sign of causing trouble. With autumn coming in today, the last few days of summer were within reason. The maximum dropped below 100 for the first four days of summer and the minimum was down in the low 60s for sleeping comfort.

It was 99 Sunday at the hottest and 62 at the coolest.

Burglars Raid Garnet Station

Sometime between 3:30 a. m. when the establishment closed on Monday and 5:30 a. m. when it re-opened, some one heaved a rock through the window of Marion L. Whisenand's Texaco station on Highway 99 at Garnet and burglarized the place.

All that was reported missing yesterday was \$31 in cash.

Deputy sheriffs are investigating.

We're Sorry!

The staff of The Desert Sun knew there would be bugs to eliminate as they started with new machinery in their new plant—but they did not anticipate king-sized bugs.

They had one and one in Friday's paper reversed the policy of The Sun in regard to the cement plant. A little three-letter word, where it came from no one knows, made it appear as if the chamber of commerce believed the mill would NOT hurt Palm Springs.

The chamber of commerce nor the Sun have had no such change of heart.

They believe the cement mill would be a detriment and want the world and especially the local area to know that.

That "not" should not have been there. It was an accident and this should set it straight.

Palm Springs Zone Ordinance In Effect Today

Palm Springs and the 66-mile area in which it is located is now legally a desert and mountain resort area.

The county zoning ordinance barring heavy industry in the area became a law Sunday with no definite signs that A. S. Guiberson Jr. and others have started the construction of a \$10,000,000 proposed cement plant. Guiberson has defiantly declared he would build ordinance or no ordinance.

AN INSPECTION of the selected site by Guiberson for the cement plant saw no activity beyond the work of three of four men core drilling the mountain, eight miles from Palm Springs for sub-surface samples.

Seen at the location are two small buildings, one described as a tool shed and the other a one-room affair in use as a field office.

ONLY EQUIPMENT visible is a four-wheel-drive jeep and a tractor used in scratching a road to the scene of the core-drilling activity.

County Counselor Earl Redwine declared yesterday that he does not plan any action against Guiberson at this time nor at any time under the zoning ordinance unless there is proof that a heavy industry is in the process of operation within the 66-mile Zoned area.

"There is no evidence brought to my attention as yet which indicates that Guiberson has violated the zoning ordinance," declared Redwine.

Plan Clean-Up Meeting Soon

Chairman Bob Bennett of the Palm Springs Beautification committee yesterday said that the group would meet next week to map plans for the annual Fall clean-up.

Busy at present with the tag end of the summer softball season, Bennett will confer with City Manager W. E. Alworth after the latter's return from the municipal league convention at Long Beach later this week and announce a definite date for the meeting.

Former Russian Envoy Visits City

Admiral and Mrs. W. H. Standley were surprise visitors at the James Whitehorn home here yesterday, stopping over en route down the coast to Coronado from the east.

The Standleys are old friends of the Whitehorns.

Admiral Standley was U. S. ambassador to Russia from February, 1942, to October, 1943.

County Officials to Tour Palm Springs Tomorrow

Riverside county supervisors, members of the planning commission and the Coachella Valley Advisory Planning commission will meet in Palm Springs Wednesday morning for a tour of the city, adjoining resort areas and then will journey down through Coachella Valley.

The trip will be a first hand inspection by those present of the development of this area, the progress in building and will end with an inspection of the All-American canal.

During the evening the entire group and others interested in

Tramway to Rival World's Wonders

Work to Start On New Bank Next Month

Building, at Cost of \$180,000, Will Aid Banking Facilities

Construction of the new Bank of America building will be started during the first half of October, according to an announcement by Kenneth Colburn, president of the Palm Springs corporation.

The new structure will occupy the space on which there is now standing five small commercial establishments from 142 to 154 North Palm Canyon drive.

Colburn said that the new bank structure would cost approximately \$180,000 and bids for its construction are now being sought. Its design will be modern and in keeping with the scheme of architecture in the Village.

DIMENSIONS of the building, Colburn said, will include a 75-foot frontage on Palm Canyon drive with a 100-foot depth. It will be 28 feet high. The interior will have approximately three times the space now being used by the Bank of America in its present quarters.

The interior will also feature a mezzanine and Fred Ingram, manager of the bank said that it would be used entirely by employees. Installed there will be rest rooms, lounging quarters for employees during rest periods and rooms for them to gather.

INGRAM FURTHER STATED that the additional space in the new bank building has been needed for a long period, and would suffice to take care of the banking needs of the community for a long time to come.

"A great improvement will take place in the escrow department," Ingram said. "The safety deposit boxes planned will be sufficient to take care of our patronage for a long time, too."

The matter of teller's windows will be doubled Ingram said and the over-all improvement will greatly enhance services to the bank's patrons.

Inspect Local Vets Housing

William O'Sullivan state housing chairman for American Veterans of World War II (AMVETS) was in the Village over the week-end in company with a federal housing inspector, working out of the office of Tighe Woods, national housing expeditor.

"The nature of my work makes it necessary for me to remain anonymous," declared the federal inspector. It is known, however, that he made an inspection of housing facilities at Lienu Village, occupied by World War II veterans and homes erected on the Sunny Dunes tract by The Palm Springs Corporation.

He said that the files will be searched at the offices of the Veterans' administration pertaining to the purchases of homes by veterans here and a study of the building specifications of these houses.

The presence of O'Sullivan and the federal agent was unheralded and it marked the second such trip by the former pertaining to housing for World War II veterans in the Village.

Republicans Plan to Hear Dewey at Bowl

Palm Springs republicans are organizing a party for Friday night to hear Gov. Thomas E. Dewey at Hollywood bowl in his big southern California appearance and Villagers wishing to go are urged to get in touch with Joe Henderson, head of the Young Republican League of Palm Springs at Desert Inn garage.

Arranging the party were Mrs. Melba Bennett, republican leader here, Mrs. Gretchen Wright, Palm Springs Republican Woman's club leader and Henderson.

A Tanner bus has been chartered for the occasion and the party will stop en route to Hollywood for dinner. It is planned to be in a special Palm Springs section at the Bowl by 7 p. m.

County Legion Posts Convene In Palm Springs

More than 100 members of Riverside county American Legion posts and their auxiliaries gathered in the Wars Memorial Building here in monthly council meeting Saturday.

The meeting, a mixture of social and business affairs, saw delegates from Hemet, Banning, Loma Linda, Thermal, Beaumont, Corona, Idyllwild, Fort Fremont, Riverside, Blythe and other county communities present.

WILLIAM RANDALL, commander of Riverside Council presided at the business meeting. During the course of the meeting he presented Arthur Caldwell, commander of the 21st District.

Commander Caldwell presented a plaque to the Corona American Legion post because its membership roster had the greatest percentage of World War II veterans. The Idyllwild post was presented with a citation as the youngest post making the greatest progress.

GEORGE KELLOGG, parliamentarian for the California Department reported on the forthcoming national convention at Miami, Florida.

Preceding the meeting, dinner was served 79 persons, prepared under the sponsorship of the Owen Coffman Post auxiliary. Those who assisted in serving and preparing the meal were: Thelma Porth, Dorothy Morrison, Marion Lienau, Thelma Merrill, Doris Kraemer, Addie Omlin, Fay Bragg, Ruth Prosser, Jerry Jenkins, Gladys Folsom, Christine Bonick and Eva Menard. Thelma Davis acted as treasurer for the occasions with the entire meal and preparation under chairmanship of Marion Rector.

In addition there are three terminal point structures, one at the 2650 foot level, the second at the intermediate point at 5600 feet and the third at the top of the mountain in Long Valley.

THE ENGINEER pointed out another feature of the project

See TRAMWAY, Page 7

The PUBLISHER'S Corner

SINCE GEORGE WASHINGTON was elected president in 1789 and 1792 without opposition, there have been 38 presidential elections. This being election year again, it is interesting to reflect on some of these contests. Rutherford B. Hayes was elected by a single electoral vote over Samuel Tilden in 1876 the vote being 185 to 184. Alfred Landon was the goat of the most lopsided contest when he tallied only 8 electoral votes, while Franklin Roosevelt, accordingly, won the all-time high of 532 electoral votes.

Since the days of the early presidents, when re-election became a habit, only five presidents have been returned to office: Lincoln, Grant, McKinley, Wilson and Roosevelt. The latter swamped three opponents to be returned as many times and set another record that may stand for all time.

Comparison between electoral votes and the popular vote is of particular interest. In 1944 for example, Roosevelt's popular vote was 25,662,505 against Dewey's 22,066,278, while the electoral college gave F. D. R. 432 and Dewey only 99. Pennsylvania's coveted 35 electoral votes went to Roosevelt by the narrow margin of 1,940,479 to 1,835,048. On the other hand, Dewey was lucky to get Ohio's 25 electoral votes by a still higher squeeze—1,582,293 to 1,570,763. It is also interesting to note that the Republicans couldn't garner a candidate. The great campaigner amassed the amazing total of 1876 votes while his combined opponents won 248.

Hardest fought-for electoral blocks are New York's 47, Pennsylvania's 35, Illinois' 28, California's and Ohio's 25 each, and the 23 from Texas.

The life span of our presidents has decreased considerably since the early years of the republic. John Adams lived to be 90, James Madison 85, Thomas Jefferson 83 and John Quincy Adams 80. Since the administration of James Buchanan, who lived to be 77, no president has lived beyond the age of 72. Seven of our chief executives have died in office. Can you name them? Herbert Hoover is, of course, the only living ex-president.

THE SOLID SOUTH may be broken down this year over disunity in the democratic party. Six southern states have voted solid democratic since 1908 while the republicans have a clean slate during the same period in only one state—Vermont. Maine went over into the democratic column in the 1912 campaign but has kept in the G. O. P. ranks since then.

Third party efforts have met with no success. Robert LaFollette of Wisconsin managed to get only 13 electoral votes in 1924 on a progressive ticket. Teddy Roosevelt knocked out Howard Taft in 1912 but was no match for Woodrow Wilson, who won by a landslide.

Director Smith Returns And Prepares Museum For Opening on Oct. 15

Lloyd Mason Smith, director of Palm Springs Desert Museum, returned to the Village this week and immediately plunged into the work of preparing for the institution's opening on October 15.

During the summer months Director Smith went on another of his trips to out-of-the-way spots, going into Arizona and New Mexico and then down to old Mexico.

THE PROGRAM being scheduled for this season by the Desert Museum's director is an entirely new one, and there are several events which will be inaugurated this season.

Among these is a series of special group meetings to be held on Monday evenings. The first Monday night of each month will be devoted to the Desert Stamp Group, at which special subjects in this line will be discussed and collections of stamps displayed. This group will be

under the supervision of George F. Miller.

The second Monday of each month will be devoted to the Desert Bird group, with William Norman Jupe in charge. At each of these meetings certain desert birds will be described and discussed, and short films shown. In connection with the Bird group also there will be three special field trips during the season for the express purpose of observing desert birds.

ON THE THIRD Monday of each month the Museum will be host to the Desert Photography group, with O. M. Ward in charge. At these meetings general photographic subjects will be discussed by different local photographers and examples shown. After each meeting there will be a fifteen minute criticism of pictures taken by anyone caring to submit them for such helpful advice. Also during the season there will be three special

Women's Groups Aid in Drive for Shrine Hospitals

John Archibald, local chairman of the drive to raise funds for erection of a Shrine's Hospital for Crippled Children, announced that more than 150 women's clubs in southern California have joined the money-raising activities.

Groups allied with the Masons, Shriners, Elks and American Legion posts and women's clubs have contributed liberally to the fund, Archibald said. Stanton A. Bruner, general chairman of the drive has announced in Los Angeles.

Shrine clubs throughout the southland are resuming meetings for the fall season and Potentate Edward T. Cook urged them to renew their efforts for subscriptions toward financing of hospital.

field trips for the prime purpose of photographing the desert, and in April there will be a contest of pictures taken by anyone caring to submit them for such helpful advice. Also during the season there will be three special

Some 44,000 thunderstorms spatter their violent contents over the surface of the world every day, it is estimated.

MYSTERY—William Lundigan and Jacqueline White mix romance and intrigue in "Mystery in Mexico" an RKO-Radio picture at the Palm Springs Village theater tonight and tomorrow night.

Kin of Villagers Hurt in Accident

Dick Insolo, well known rodeo rider and son-in-law of Mr. and Mrs. C. C. Neel of Palm Springs, is out of danger today, according to reports from Good Samaritan hospital, Los Angeles, and recovering from the effects of a rodeo accident at Bishop on Labor Day.

He was thrown from his horse and dragged considerable distance. Rushed to Los Angeles by ambulance, an operation was performed that day and he regained consciousness Saturday.

Today he was reported making excellent progress toward complete recovery.

Gas Situation Getting Better

Although the petroleum workers strike is now in its third week, gasoline supplies for the state are on the increase and the threat of rationing, either voluntary or forced, was diminishing.

In southern California, reserve stocks increased to a 15-day supply, oil company officials said, meaning that almost a normal supply was available to motorists.

Heath Seeking Village Studio

John Heath, known abroad and in this country as a concert pianist, was in the Village this week seeking to establish a studio of music.

Heath who spent most of his life in Paris, returned to this country at the outbreak of World War II. Since, he has been active in music and radio, both in New York City and Washington, D. C. with occasional visits to California. During the months of July and August he conducted a special session in music and modern languages at the Desert Sun summer school in Idyllwild.

From Page 4—MORE ABOUT This Side ..

they used to tie buggy horses in the old days . . . At least, it was seen tied to a post before the Palm Springs Drug last week.

With a bit of twine . . . Homer Fern handed out a nice insult yesterday. "Whaddaya know?" he asked as he met me. "Nothing much," I replied. "Oh, that's where you get your material for your compositions, eh? . . . Seeing Fern makes me think of the Lions club and that makes me think of all they've done and are doing quietly for the Village. . . They started the Community hospital campaign, Clean-Up campaign, are busy with the Boys' club, the school safety patrols, and so on. . . With Doc Frank Purcell at the helm, they are planning more big things this season.

HARRY OLIVER, now busy building a Ghost town at Fort Oliver, told me one yesterday. . . A woman coming down in a crowded elevator, let loose with a resounding burp. . . Without a bit of embarrassment she turned to her husband with: "You and your ventriloquism!" . . . Creley and Schumacher, plastering contractors, who have been extremely busy here all summer, have a slogan: "Get plastered with Creley and Schumacher." . . . Looks like somebody did the other day when their advertisement appeared. . . It was wrong. . . We won't mention the mistakes in the news columns here. . . Haven't room.

MAN WANTS but little here below, according to an old saying. . . That's right. . . All I want is a dozen new Lombardo records and a dozen tips. . . Eleven of them on news stories and one on a good four-horse parlay.

Mother of Village Man Succumbs

Mrs. Tresa Lucille Gannon, wife of Judge George M. Gannon and mother of George D. Gannon, Palm Springs real estate broker, succumbed Thursday night in Good Samaritan hospital, Los Angeles, after a lingering illness.

The family had gone to Balboa for the summer when Mrs. Gannon was again stricken and removed to the Los Angeles hospital.

Besides the Villager and her husband, she is survived by another son, Comdr. John Gannon of the U. S. Navy, and two daughters, Josephine Grogan and Margaret Merriwether.

Requiem Mass was said yesterday at the Blessed Sacrament church for Mrs. Gannon.

From Page 1—MORE ABOUT— Desert Circus . . .

signed up for the Borrego lost mine hunt.

"We have no snakes or unpleasant exhibits," says one sign on the Fort. "Ramona wasn't married here but she had a heck of a good time here," is another.

AN OLD BAR, just as it stood in gold rush days and over whose smooth surface many a bag of gold dust went for liquor, is also featured. There is even the face on the bar-room floor.

Since it is against the law to erect a Stop sign on the highway unless legally designated, Oliver's sign says: "Whoa!"

The collection of ancient music boxes and guns was placed at Fort Oliver by Vernon Jeck Jr. and the old signs were painted by Norman McRea, a retired neighbor for the fun of it.

Slim Mooton of Palm Springs and John Hilton, well known expert on the desert and its lore, are assisting Oliver at the Desert Rat Circus.

Appeal Sounded For Girl Scout Troup Leaders

With the start of the new season, officials of Palm Springs Girl Scout council were this week arranging the meeting schedule for Scouts and Brownies.

Main item on their program will be to recruit leaders for the various troops on activities. Mrs. B. H. Polak, in charge, said.

"Any who wish to volunteer their services are urged to call Mrs. David Bond at 4111," she said. Mrs. Bond is organizing the work. "Or they can call me at 4972."

Experience is not necessary and only about an hour's work a week is needed. Business girls with an evening free are urged to assist with junior high and high school girls.

Reed Hubbell Quits Hospital

Reed Hubbell left the Palm Springs Community hospital Friday where he had been hospitalized for almost two weeks as a result of a heart attack.

Mr. Hubbell said that her husband will have to remain in bed for awhile yet in accordance with his doctor's orders.

"However," added Mrs. Hubbell, "he is out of the woods and on the road to recovery. The doctor said sixty days in bed for Reed but we may beat that."

Brush Fires In Pass Quickly Subdued

Two minor brush fires of undetermined origin near the Banning foothills were checked late Friday night by state forestry fire-fighting units, soon after reports of the blazes were received.

The first brush fire was brought under control within a half-hour, before it could spread up the side of the mountain, by fire-fighting units from Beaumont, Perris, and San Jacinto, and one rangers' pick-up unit. The second flareup occurred near Morongo Indian reservation northeast of Banning. Neither blaze threatened any habitations.

He'll Steer Clear of Village for One Year

Sherman F. Smith, arrested on a charge of vagrancy, was sentenced to ten days in county jail in Judge Eugene E. Therieu's court Saturday. The sentence was suspended however, with the proviso that Smith stay away from Palm Springs for one year. The defendant accepted the judge's edict.

Await Word On Air Line Service Here

Aerial passenger service to Palm Springs by Southwestern Airways is pending now in an application with the Civil Aeronautics board in Washington, D. C. with the possibility that it will be heard before that body within the next six months.

This was the statement made by an official of the aircraft carrier yesterday. He said that the application was recently approved by a Civil Aeronautics Authority inspector.

Spangler Denies Charges, Asks Trial by Jury

Don Spangler, charged with selling alcoholic beverages to minors pleaded not guilty in Judge Eugene E. Therieu's court Friday morning and demanded a jury trial.

Judge Therieu set Spangler's trial for October 15 and permitted him to remain free on his own recognizance in lieu of bail.

Lloyd Simon Family Back From Vacation

Mr. and Mrs. Lloyd Simon returned to the Village last week from their vacation spent on the east coast.

During the summer Mr. Simon gave Palm Springs much valuable publicity at the Lions International convention which he attended as a delegate from the Palm Springs club.

Ask Bids For New Strebe Theater

Earl Strebe announced yesterday that bids were out seeking the price of construction of the new Strebe motion picture house on North Palm Canyon drive.

New Musical Director Joins Church Staff

Community church has added to its staff for the season, Robert Hughes Mitchell who will serve as Christian education director and director of music. Mr. Mitchell's background includes several years as a professional organist and pianist in Los Angeles. When deciding to go into the field of full time Christian work, he entered the University of Redlands and earned a degree in music composition. His work in the field of sacred music has included several series of broadcasts and the making of a number of records.

Mr. Mitchell's most recent church connection has been with the First Baptist Church of Downey where he organized a number of choirs and assisted in work with the young people. More recently he has been in the evangelistic field with both a musical and a preaching ministry. Mr. Mitchell comes to Palm Springs directly from Forest Home Christian Conference grounds where he has served as organist and music director for the summer. Mrs. Mitchell will join him from Los Angeles after the arrival of an eagerly awaited addition to the family.

I am convinced that the office of the President is not such a very difficult one to fill. His duties being mainly to execute the laws of Congress—George Dewey, Interview in New York World.

DO YOU OPERATE UNDER A

FICTITIOUS FIRM NAME

?

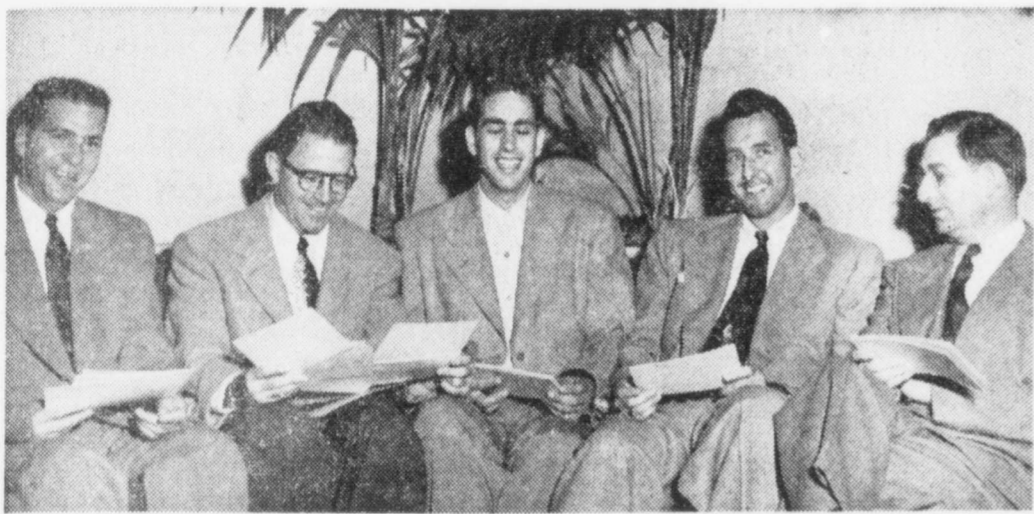

If so, have you complied with the requirements of Section 2466 of the Civil Code, which says: "Every person and every partnership transacting business—under a fictitious firm name—must file a certificate stating the name in full and the place of residence of such person and the members of such partnership—such certificate must be published once a week for four consecutive weeks."

If you have neglected this procedure, do you realize that the name of your firm is not protected and that you are not entitled to maintain suits for collection, or other purposes, in the courts of the State of California?

Take care of this important matter NOW by having The Desert Sun publish the certificate. Come into the office—it takes only a few minutes to have the form filled out, and we will have the document filed for you. The cost is small, but the filing and publication is something which should not be overlooked.

HOTEL ACCOMMODATIONS—Five members of the Menswear Manufacturers Association who have been appointed to handle all hotel reservations for the convention of that association to be held here Oct. 29-31. They are: Oscar Abeles, Morey Berck, Harold Marems, Lee Corwin and A. J. Durfee.

Convention Reservations Come in Fast

Menswear Gathering In October to Fill Village to Capacity

All indications today point to the fact that almost all of the hotels in the Village will be filled to capacity with persons who plan to attend the Palm Springs convention of the Menswear Manufacturers of Los Angeles October 29 through October 31.

President Knute Thorsen of the association this week announced the creation of a hotel reservations committee and at the same time announced that accommodation applications are pouring in.

The hotel committee is composed of Morey Berck, of Bercktowne of Hollywood, chairman; A. J. Durfee, A-1 Manufacturing company; Sydney Levine, Fisch and Company; Oscar Abeles, Western Wear of California; Harold Marems, Wismar Manufacturing company; Jack Housman, Jurtzman Brothers and Lee Corwin, Hollywood Ties.

Mrs. Manners Flies to Visit With Daughters

Esther Manners, owner of the El Cajon apartment, left yesterday by air for Cleveland and New York to visit her daughters and to welcome, in Gotham, a new grandchild.

In Cleveland she will visit with her daughter, Vicki Heller, and then fly on to New York to visit another daughter, Maxine Samuels who is about to become a mother.

Mrs. Manners' son is Zeke Manners of radio fame.

Both of her daughters met their husbands while the latter were spending the winter months here.

Local Shriners Plan to Attend Gate City Show

Several members of Palm Springs Shrine club and their families and friends plan to attend the Shrine Vaudeville show to be held Friday in the Parris Hill Bowl at San Bernardino.

The show, a monthly event held at the Al Malaikah Temple in Los Angeles, was transferred to San Bernardino for one showing at the request of shriners in that city.

Bryson Amos, secretary of the Shrine club here said there was no organized group going from here but he knew many individuals and their families and Masonic friends plan to attend.

Kettmann Family Back in Village From San Jose

Mrs. August G. Kettmann, wife of Police Chief Kettmann, and daughters, Fleur and Starr, accompanied by August Kettmann Sr., arrived home the latter part of the week from a summer spent at San Jose.

Chief Kettmann preceded the family to the Village from the vacation spot, a few weeks ago. While in San Jose the Kettmanns enjoyed the summer theater and visited with relatives and friends.

Minturns Return From Auto Jaunt

Mr. and Mrs. George Minturn and baby daughter, Marilyn, returned last week from an automobile tour of the northwest and Minturn, city engineer, was back at his desk at the city hall today. They found lots of green country, water and big trees on their outing.

MARRIED—Young Villager, Frederick Hillstrand and Miss Barbara Urton of Banning, married September 11, plan to make their home in Palm Springs at the conclusion of their honeymoon. (Riverside Enterprise photo.)

Villager and Banning Girl Exchange Vows

Frederick Hillstrand, son of Mr. and Mrs. Andrew Hillstrand and long employed by Kenny Paul's Mobilgas Service station, and Miss Barbara Urton of Banning, exchanged marital vows September 11.

The ceremony was performed in Banning Baptist church with Rev. H. M. Gromer, pastor, officiating in the presence of 200 friends and relatives of the young couple.

Mrs. Robert Metje, the bride's sister was matron-of-honor wearing a green net formal with bouffant skirt, a white halo hat and carried a sheaf of pink gladioli and carnations.

The bride was escorted to the altar by her father, Albert Urton. She was attired in a white satin princess styled wedding gown with a sweetheart neckline and short train. Her fingertip veil was caught across her head with a coronet of white flowers. Her bouquet consisted of white gladioli with white satin streamers.

The bride is a graduate of Banning high school class of June, 1948. Hillstrand graduated from the same school in 1947.

After a short honeymoon the couple will make their home in Palm Springs.

Larry Sitter Jr. Honored on Birthday

Mr. and Mrs. Larry Sitter Sr. were hosts at a party Sunday afternoon honoring their son Larry Jr. on his seventh birthday.

Those present for the occasion were Geoffrey Lilley, Lynn and Philip Wright, Joan and Jack Wilson, Colleen Martin, Peter Magadini, Natalie Harper, Christine Reid, Michael Solinsky, Mary Margaret Sitter, Mr. and

Mrs. Bodron to Attend Legion Miami Sessions

Angela Bodron, son Donald and mother, Mrs. Rose Santow have been enjoying an extended vacation in River Forest, Ill., Chicago and the green hills of Connecticut.

Mrs. Bodron, former night supervisor at Community Hospital and World War II nurse, plans to continue her studies in New York through the coming winter.

Being a member of Owen B. Coffman post, American Legion, she also plans to attend the National Legion convention in Miami, Florida, next month.

Mrs. Harold Reeser and sons Jimmie and Harold Jr. of Desert Hot Springs, and Bill Goodridge.

Wheat, rye or rice have been the basic and most important staple in the human diet for many centuries.

Prowlers Invade Home, Take Nothing

Mrs. Roy Bush, 3881 Camino San Miguel, reported to police that burglars had prowled through her home while she was out of the city. Nothing of value was taken.

Entrance was gained through a screened window.

L. A. Fair Draws Many Villagers

Many Villagers who still have the love of a good country fair in their veins have been courting to Pomona this week where the Los Angeles County Fair, rated the biggest of its kind, is now

Thousands have jammed the fair so far to look at the exhibits and watch the harness and running races.

Gov. Thomas E. Dewel will address the crowds in the race track grandstands Friday.

County Officials To be Met Here

Charles Woodman, city planning engineer, will conduct a group of city and chamber of commerce officials to the September meeting of the Coachella Valley Advisory committee at Coachella tomorrow evening.

The meeting will be held at Club 99 on the highway with the Coachella Chamber of Commerce as host. A Spanish dinner will precede the business session.

Woodman wants all who plan to go to get in touch with him at once.

Coachella boosters plan to make it a big meeting and will meet supervisors and other county officials here in the afternoon and take them on a tour of Coachella valley from Palm Springs east.

City Officials at Convention

City officials today were in Long Beach attending the fiftieth annual meeting of the California League of Municipalities which got underway yesterday and adjourns tomorrow.

Sunday was devoted to registration and organization and the real business got under way yesterday.

Attending from the Village were Mayor Charles Farrell, Councilmen Gordon Feehings, Tom Keiley, Florian Boyd, Mrs. Ruth Hardy and E. F. Martell. Councilman William Veith was unable to attend.

City Manager W. E. Alworth, City Treasurer Robert Peterson, City Clerk Louise McCann went to the beach yesterday. Other city officials were planning to attend today or tomorrow.

Must Stay Away or Go to Jail 30 Days

Ruffus Robinson will have to stay away from the home of Fanny Thomas or serve 30 days in county jail.

Charged with disturbing the peace, Judge Eugene E. Theriault found Robinson guilty and sentenced him to 30 days in the county jail, sentence suspended providing he stays away from his accuser's door.

Use of Radio as Police and Fire Alarm Discussed

Arrest of thieves, burglars and a speedy alert of Village firemen in case of emergencies may be accomplished in Palm Springs by means of shortwave radio.

This was a possibility today with an application of the Radio Alarms corporation to install a shortwave radio alarm system in private homes and businesses here under study by the council.

Central alarm system would be installed in Palm Springs police department, the corporation's application said. A letter from Chief of Police August Kettmann endorsing the system was read to council last week.

The entire matter is in the hands of council's safety committee for study and report at the next council meeting October 6.

Fight Over Torney Land For Proposed Park Looms

Indications that Palm Springs will have a fight on its hands to acquire 22 acres of former Torney General Hospital grounds for park purposes appeared at council session last week when Sam Slate, builder who is also seeking the property for a residential development, told the councilmen he was the highest bidder for the original forty acres, 18 acres of which he agreed to forgo for Palm Springs school purposes.

It was because of this agreement on the part of Slate that War Assets Administration was enabled to grant a 100 per cent discount on approximately 18 acres to the school district.

COUNCIL EXERCISED the city's priority under the surplus property act which entitles it to a 50 per cent discount if the land

is used for park purposes. City Manager William E. Alworth who was in Washington, D. C. at the time Slate relinquished his claim to the 18 acres, informed council he refused to sign an agreement withdrawing the city's priority claim to the land.

Councilwoman Ruth Hardy in replying to Slate's plea that the city give up its claim to the land, said that the property in question was the number one project in a projected park system for the city.

"THIS PARCEL of land," she said, "is more important than the development of the Field Club as a park site." Mrs. Hardy is chairwoman of the Parks and Recreation committee. "Before any money is spent on the Field Club, we are waiting to find out how much the former Torney land will cost," she said.

Mayor Charles Farrell, Councilmen William Veith, Gordon Feehings and Florian Boyd held similar views.

ALWORTH REPORTED that the city now has on hand official forms from War Assets to be used in applying for the property. He was voted authority to act for the city in signing the applications.

"I believe," said Alworth, "if the city is granted the 50 per cent discount on the 22 acres for park purposes, the buy will be a good bargain."

Question of clearing the land and the cost was also discussed in the presence of Slate, who finally thanked council and departed.

Post to Complete Action on Dues

Final action on a resolution introduced at the last meeting will be taken by Owen B. Coffman post of American Legion tonight at Memorial Hall. The resolution lowers the dues of the post.

A potluck supper at 6:30 p. m. will precede the meeting. Other important business is scheduled to come before the meeting. Jay Morrison, commander, said in urging all members to attend.

Bombay Diners Enjoying Music Of Phil Moody

Phil Moody, noted pianist, is making his first appearance in the United States in Palm Springs. He is being heard tonight at Don Manchester's Bombay and pleasing the patrons mightily.

Moody, who plays a terrific piano in an individual and distinctive style, came to the southland direct from London where his most recent engagement was at the Albany club. He also appeared at the Savoy and Barclay, in London, and in noted spots in Paris.

He was a featured London radio star and also with ENSA which corresponds to the American USO. He worked with Wesley Ruggles, movie producer, on musical scores for British films. Bombay diners are enjoying his music nightly and Manchester says that is an understatement.

Mrs. McCoubrey Succumbs After Long Ill Health

Mrs. Jean McCoubrey, wife of Edgar L. McCoubrey of the Plaza Motors, succumbed in Honolulu last Wednesday after a long illness friends here learned this week.

Mrs. McCoubrey left the Village Wednesday for the coast to board a plane for Honolulu.

Mrs. McCoubrey went to the islands last May in quest of a change of climate and health. Besides her husband she is survived by her parents, Mr. and Mrs. Fred Daynes of Salt Lake City; a son, Howard D. Hinkley of Salt Lake; a sister, Mrs. Arlene Thorley of Los Angeles; another sister, Marie Smith of Provo, Utah; three brothers, Bob Lincoln and Jack of Salt Lake.

Funeral services will be held in Honolulu at the Mormon church Sunday and interment will be there.

2 Days Left To Register

This is the last reminder. The day after tomorrow is the final day to get on the register for the Nov. 2 general election.

After the close of business Thursday, Sept. 23, the books will be closed and it will be too late to qualify as a voter. Important offices and 19 propositions are at stake on the ballot.

Village Dancers to Compete

Two Village teams will compete in square dancing contests at the Farmer's Fair and Festival in Hemet October 6 to 10. The teams are composed of Mr. and Mrs. Kenny Paul, Mr. and Mrs. Joe Butler, Mr. and Mrs. Jimmy Cooper, Mr. and Mrs. Hutch Moseley, Mr. and Mrs. Elmo Purnell, Mr. and Mrs. Swede Davis, Mr. and Mrs. Bill Rogers and Mr. and Mrs. Ernie Andreas. All are members of the Los Compadres, riding group.

"We're going to win this year for sure," declared Moseley. "We're all practicing twice a week to make sure of it."

New Hotel Will Open Oct. 1 at Rancho Mirage

Milton C. Mauzy, a hotel man of many years experience, was preparing invitations this week for an open house marking the opening of his El Rancho Mirage hotel at Rancho Mirage on Oct. 1.

A Santa Monica, Mauzy has been coming to the Palm Springs area for many years and decided that this was the spot, so last January, he started building his 12-unit hotel and now it is ready for occupancy.

The open house affair on October 1 will serve to introduce the El Rancho Mirage to the public and an excellent program is being planned.

Canal System Aid Pledged

William E. Warne, assistant secretary of the interior, said last week that he will take whatever action is necessary to speed completion of the All-American canal distribution system.

Warne, who lunched with directors of the Coachella Valley Water District at the Mission Inn, said that the interior department is "intimately concerned with the completion of the distribution system, which will bring some 75,000 acres in the Coachella Valley under irrigation.

IT'S CHAMPAGNE—No, not the liquid flowing out of the pipe—but the contents of the bottle which Mrs. E. H. Romberg of Cabazon is holding aloft and ready to break on the pipe while she christens the new well and pumping plant of the Cabazon Water company in lower Millard canyon. Besides her stands Melvin Hansen, president of the water company, and looking on are a group of Cabazon citizens and officials of the firms that drilled the well and installed the pumping equipment. The ceremony was held Sunday. The new well can produce 250 miner's inches of water.—Photo by McCulloch Studios.

Boards Consider Basic Zoning Act

Details of a basic zoning act for Riverside county were given first thorough going over at a meeting of supervisors and planning commissioners Friday.

The measure, prepared by Planning Consultant C. W. Elliot more than a year ago, will be studied section by section. It provides one basic residential and agricultural zone for the county where heavy industry would be under full control. Special zones in different sections of the county would be added by amendments. One has already been set up, the Palm Springs zone, and idyllic interests are backing another in a fight to prevent uncontrolled cutting of timber in the mountain resort area.

Planning commissioners are said to favor its passage and Supervisor Arthur Weirick said after Friday's meeting that he believed the measure will pass.

Realty Board to Launch Season at Session Oct. 12

President William E. Veith of the Palm Springs Realty board was mapping plans today for the first meeting of the season, scheduled for October 12 with the site of the session still to be decided.

President Veith said it would be an important meeting in that plans for the new season would be drawn and a general discussion of policy and programs for the year laid out. "It looks like a big season ahead," he said, "and I'm already starting to urge every broker in town to be present to get acquainted and discuss a gram of full co-operation in advancing the best interests of Palm Springs and surrounding territory."

"Place for the session will be announced in plenty of time for every one to make plans to be there."

Many projects are on the agenda for the year, Veith said, and these will be announced at the October 12 meeting.

A dinner will precede the business session according to present plans.

Johnson Will Be Back Oct. 1

Barney Johnson, realtor associated with the Culver Nichols office, will be back in town Oct. 1 and on the job the next day, according to word to friends here.

They are at Lake Mary in the Sierra country after traveling far and wide. And there's nothing like California, Johnson said.

Business is going to be good, he said, for in his travels he was constantly being questioned about Palm Springs and the desert.

The fishing wasn't so good this year, he added in a postscript.

Steel Shortages Will Be Relieved

New speedup developments for steel production promise to ease the tightness in some building products within the next few months.

This is the belief of David S. Miller, president of the Producers' Council, national organization of materials manufacturers.

Cabazon Assured Of Good Supply Of Pure Water

They mixed champagne and water at Cabazon the other day when they dedicated the new pumping plant of the Cabazon Water company and it was Mrs. E. H. Romberg of the community 17 miles from Palm Springs who broke the bottle over the pump.

Melvin Hansen, president of the water company, told the assembled audience about the new water supply and what it will mean to Cabazon and vicinity. The well, which is 136 feet deep, will supply Cabazon with all the water it can use for some time to come, as the new pump will lift a steady stream of 250 miner's inches.

ONE HUNDRED miner's inches were being pumped this week, and this can be stepped up to 250 inches, Hansen said. A miner's inch is 12,960 gallons in 24 hours. Average domestic consumption is 300 gallons per person per day, consequently one miner's inch will supply 43 people, and 250 inches more than 10,000 population, for domestic use.

Cabazon will have enough water for 25,000 people, Mr. Hansen and water experts stated.

Last December, when the first test was made, water stood 108 feet in the well, and did not lower during hours of pumping. The water level has lowered only six feet during the dry season. The well is in one corner of a basin of about sixty acres. Phil Stephens, Banning engineer, located the well. It is believed the huge underground reservoir is fed from high mountain sources above and is held by the San Andreas fault. An underground dike keeps the water from draining into the valley below.

A SHORT DISTANCE above the well the mountains are split by a very narrow canyon. In this canyon a huge dam could be built, Mr. Hansen said, forming a large mountain lake at an elevation of 3700 feet that could augment the water supply of all of San Geronimo Pass below that level. Banning's elevation is from 2100 to 2500 feet, and Cabazon, about 1800 feet. The lake would not take water from any community, but would help to conserve the supply.

Hansen believes the U. S. Department of Reclamation would build the dam if that department could be interested in making a survey. He also said there are numerous spots in the surrounding mountains which would be excellent locations for mountain lakes.

Water from the new well added to the present supply will be an abundance for Cabazon's 150 acres of olives, 60 acres of apricots and almonds, and domestic supply for the town as well as the Desert Hills subdivision of 164 acres, and the proposed new 18-hole golf course directly above and touching the subdivision.

Eighty per cent of the world's fur seals breed on the Pribilof islands in the Bering sea.

Landmark Buildings Sold To Clear for Bigger Home for Bank of America

Four buildings, one of which is double in size and considered a landmark in the Village, will be moved from their present locations on South Palm Canyon drive to new sites on the Indian reservation.

The buildings in question are now located at 142 to 154 South Palm Canyon drive. The space from which they will be moved will be occupied by a new Bank of America building.

Thompson, owner of Gayle's Studio, is the purchaser of the buildings. Kenneth L. Colborn was the seller.

Adjoining the building line to the south of the Palm Springs Drug and Import company two of the stores were occupied by Kelly's Furniture company, now in new quarters in The Center. The other tenants are Western Union, Copeland's Candy Shop and Beebe's Linen store. All are expected to be vacant by September 20 and not later than October 1, when the leases expire.

Thompson said three of the stores will be moved to new location on Indian avenue behind the Del Tahquitz hotel, where they will eventually be rented as business establishments and the former double store will be set down near the Boys' club on the Indian Reservation and converted into a duplex dwelling.

The hunting season is also the open season for firearms accidents, the National Safety Council reports. Deaths in 1946 reached a peak in November when 383 were killed, with the

low coming in May when 171 were fatally injured.

Women's Jail In Prospect For Village

Budget Includes
12,000 for Much
Needed Additions

City Manager William E. Alworth was studying preliminary plans today for additions and alterations at the Palm Springs police station which would provide the long-needed women's quarters and add other rooms and equipment to enhance the efficiency of the local force.

Sum of \$12,000 for the addition was provided in the 1948-49 budget adopted by council last week.

The tentative sketches and notations for the extension of the present police headquarters on North Palm Canyon drive were submitted to the city manager by Police Chief A. G. Kettmann.

FIRST ITEM of importance in the proposed extension of the building 36 feet to the west is the inclusion of women's quarters, the absence of which now adds considerable to the annual cost of maintaining the police department.

Under present conditions, in the event of the arrest of a woman who must be detained overnight or longer, at least one round trip and possibly more, to Riverside county jail is involved. In addition there is the cost of matron's services and the time of police officers. With the addition of women's quarters to the local jail, this cost will be eliminated.

ALSO INCLUDED in the plans is a place for juvenile offenders for which no provision is made now. It is also planned to add two interrogation rooms, a squad room, storage room, women's room and a room for photographic work.

In all, the addition would provide 680 additional square feet of room.

It would provide room for class work for police and also a room wherein they could be briefed by the chief.

CHIEF KETTMANN said the proposed improvements would take care of the department's needs for the next 15 years at least.

Some time ago plans were drawn for an addition to the police station by construction of a second story to the present building but the new plan, calling for an extension to the rear, will meet all requirements.

Gov. Dewey At Gate City Next Friday

Villagers who want to see and hear Thomas E. Dewey, republican candidate when he arrives in the southland later this week will have an opportunity Friday morning when he makes a brief stop at San Bernardino.

It will be the closest point to Palm Springs on his itinerary. The stop will be made en route to Los Angeles where he scheduled to make one of his major speeches that night. From Los Angeles he heads north toward San Francisco.

The presidential candidate is scheduled to stop over at Pomona after leaving San Bernardino to address Los Angeles County Fair crowds.

Local republicans who are not counting on making the trip to Los Angeles are preparing to go to San Bernardino to hear Dewey.

Night accidents are responsible for almost two-thirds of the traffic fatalities in cities, the National Safety Council says.

CAMPAIGN CHIEF—Dorothy N. Hall of Hemet forsakes her cherished farm there to take up the job of managing the county Dewey-Warren campaign. She was appointed by Phil Boyd, southland campaign chief.

Dorothy N. Hall Manages County GOP Campaign

Dorothy Hall of Hemet Valley, well-known county republican leader, Friday was named chairman of the Dewey-Warren campaign committee for Riverside county.

Announcing Mrs. Hall's appointment, Assemblyman Philip L. Boyd, chairman of the Riverside county republican committee, added that county-wide organization and full campaign effort is expected to begin immediately.

NOW VICE-CHAIRMAN of the county republican central committee, Mrs. Hall has managed all state and national republican campaigns in the Hemet-San Jacinto area during the past eight years. She operates a fruit ranch between San Jacinto and Hemet. She is the widow of the late James A. Hall, a practicing attorney in Hemet for 25 years.

As one of four republican nominees for the Republican assembly candidacy last June in the race won by John Babbage of Riverside, Mrs. Hall became the second Riverside County woman to run for a major political office. Mrs. Clara McEuen, also of Hemet, was a candidate for the Assembly 20 years ago.

IN CONJUNCTION with her other political activities, Mrs. Hall is third vice-president of the county republican assembly and regional director of the California republican assembly.

The new Dewey-Warren campaign promoter organized the San Jacinto-Hemet council of republican women, of which she is a past president and present program chairman.

Assemblyman Boyd, a close friend of Governor Warren, has been appointed vice-chairman of the Southern California Dewey-Warren campaign.

Christian Science Lecture Sunday

Columbia Church of the Air will present a Christian Science broadcast next Sunday at 8:30 a. m. over KNX, local members of the church were informed today.

Title of the broadcast is: "Beloved Now Are We the Sons of Gods."

Some natural gases used for fuel and lighting contain 10 per cent or more of non-combustible nitrogen; scientists are now trying to find an economical way to take the nitrogen out before the gas is shipped to consumers by pipelines.

From Page 1—MORE ABOUT—Tramway . . .

connected with the terminal structures. At the 2650 foot level, the cables will extend into a deep well. At the bottom of this well, machinery will keep the cables at proper tension despite natural contraction and expansion.

At the intermediate terminal point where the cable run from the valley station ends, passengers will transfer to another car for the final leg of the trip to the 8500 foot level. Here too, the same machinery to keep the cables at proper tension will be in operation.

But that isn't all. The project has many other features and accommodations for sight-seeing passengers and winter sports enthusiasts. Waiting rooms will be built at the top and bottom levels. Spacious auto parks will be constructed to take care of the expected throngs who will drive their automobiles to the take-off point. One parking area will take care of 700 cars and another several times that number.

WILL IT BE SAFE to take a ride in one of the cars? Is it safe to drive across the Bay Bridge? Thousands of motorists drive across the cable suspended span of that structure without the slightest attention paid the steel ropes or that they might snap under the tremendous weights they sustain each minute of the day and night.

The same will be true of the Mt. San Jacinto Winter Park Tramway. The margin of safety which will be built into the entire structure will support many times estimated weight it will carry.

THE ULTIMATE FINANCIAL success of the undertaking and the amortization of its cost can be measured in the growing population of just the southern half of California.

Although an engineer and not concerned with the economics of the tramway, Bannerman took a personal viewpoint of its financial aspects.

"I believe that people will drive a long way for recreation. I'm told that approximately 4,000,000 people live within a 150 miles radius of Palm Springs and your state is still continuing to grow. Many times I've driven my family 80 miles to witness a baseball game at Yankee stadium and to my surprise, found many others there who had traveled even greater distances," Bannerman said.

IT WILL TAKE four months and the employment of twenty men to complete the survey and design of the tramway tower sites, Bannerman said. Sometime next week Chief Tramway Engineer Elmer Lloyd of the American Steel and Wire Company will arrive in Palm Springs to superintend the job. Also due to arrive will be Construction Engineer Ellis Dahlgren, employed by the same company who has just returned from Europe where he oversaw the construction of a five-mile freight tramway.

John Steelman who had a hand in the original survey of the tramway route has been loaned to the Consolidated Western Steel Corporation by Morrison-Knudson company as long as he is needed for the present task, Bannerman said.

Recently Consolidated Western Steel Corporation became a subsidiary with the American Steel and Wire Company under the parenthod of the U. S. Steel corporation.

IN ADDITION to others who will be employed on the project, Police Officer Jim Maynard, has been granted a leave of absence by the city to take part in the work. He and Ralph Trout, who will assist, also took part in the survey two years ago.

All of the sub-surface stratas of the mountain on which the glass towers will be erected, will be probed until solid bed rock is found.

BANNERMAN will not remain here for the completion of the job but when the task is completed, final engineering data will be submitted to him. After these reports are carefully studied, the amount of steel, concrete and cable will be calculated and the actual cost of the entire project computed.

"With these figures at hand," said Earl Coffman, chairman of the Winter Park authority, "a firm bid for the construction of the tramway will be obtained and the proper amount of bonds to insure the payment of the construction job will be sold."

Mrs. Belloni Resigns To Ad at New Cafe

Mrs. Martin Belloni is resigning from her position with the Bank of America, effective September 31, to assist her husband in the management and operation of the new Amado Cafe and Cocktail Lounge, she said yesterday.

Mrs. Belloni, the former Miss L. C. Margaret Ross, and Belloni exchanged marital vows last June 10. Her resignation from the staff of the bank will end a two and one-half years of service there.

Colony Wins Right to Play In Cup Finals

A five-run blast in the fourth inning propelled the Mexican Colony softball nine into the Mayor's Cup with the Palm Springs Electrics and eliminated Desert Hot Springs in a hot game at the Field Club Friday night.

The Colony took the game 11 to 2 by virtue of the concentrated attack. They copped the series 2 games to 1.

THE VICTORS eased across two runs in the first and two in the second and had the Hot Springs 4 to 1 when the fourth opened.

In that round Joe Prieto singled, Pete Herrera made it on an unsuccessful double play attempt, Canales doubled, scoring one, Johnnie Herrera doubled, scoring two, Jurado singled, scoring Herrera and Marcus tripled to score the fifth.

DESERT HOT SPRINGS pulled a fancy battery trick on the fans. They started with Joe Poist pitching and Ellis catching but after that fourth inning explosion, switched and Ellis went in to chuck while Poist caught.

HotS prings 0001010—2 7 4
Colony—220520x—11 9 1
Poist, Ellis and Ellis, Poist; Ben Prieto and Canales.

BOSTON'S "BIG THREE" OF THE MOUND—Here are the three top men of the Boston Red Sox pitching staff, and as such must be given a large slice of the credit for putting the Sox on the top of the league totem pole. Left to right are: Melvin Parnell, Joseph Dobson and John Kramer.

San Jacinto Mountains Deer Population Growing

Sixty-three deer, vanguard of hundreds more to come, have been released in the San Jacinto mountains after being rounded up and shipped to the mainland from Santa Catalina. Another 34 were given their freedom in the San Bernardino mountains.

Island residents, plagued with too many deer ruining gardens and wandering through Avalon asked fish and game authorities to rid Catalina of the pests.

For three months wardens have been constructing corrals with high wire fences and suc-

ceeded in enticing a hundred or more of the elusive deer into the enclosure with lettuce and alfalfa for bait.

Led by John Laughlin of Riverside, game manager of the California Fish and Game Commission, wardens and volunteers loaded the deer into a stock wagon and transported the shipment by barge to the mainland where they were released in the mountains.

The ear of each buck was clipped with a permanent tag so that the animal's movements through the forest and his lifespan can be traced. A small vial of blood was also withdrawn from each buck to test for fever.

Catalina's deer problem is the outgrowth of an importation of several crippled and strays from the mainland to the island for recuperation, some 15 years ago.

Indians Tee Off On San Jacinto In Opening Game

Coach C. E. Ballagh was speeding up his Palm Springs high Indians as school swung into its second week with the first game, a night affair, slated for a week from Friday.

San Jacinto high will be the opponents and it is a non-league game.

Ballagh has had his crew at work for several days and sideline quarterbacks say it looks good. It will be a fast team and will use the single wing instead of the T.

ONE OF THE STARS of last year's squad, Eddie Weiss, is back and bolstering the left half position. Also in the backfield from last year's team is Johnny Black. The team is well equipped with ends, both Lopez and Cervantes from the 1947 squad doing their stuff again this year.

Coach Ballagh has several men up from last year's junior varsity and frosh team to replace men lost by graduation last May.

THE INDIANS have six home games and two on the road this year. The games will be night affairs and thus are expected to draw large crowds.

Sherman Institute will not be on the schedule this year, the real Indians of that school having withdrawn from Riverside County League.

Good Hunting But—Don't Set Brush Ablaze

Fire Chief Bill Leonosio is a strong exponent of the outdoor life. He's an excellent hunter and a fine fisherman and can recall, so he says, when he used to sit on the bridge on South Palm Canyon drive and catch his breakfast trout out of Tahquitz creek.

But he is also a stronger exponent of fire prevention.

So, with the deer season under way, he issued a strong plea to his fellow hunters: "Deer hunters start very few fires. But let's start none at all. Be extra careful while in the brush country and keep up the reputation seasoned hunters have of protecting our out-of-doors."

Pleads Guilty and Awaits Sentence

James E. Baxter alias James Craig pleaded guilty to charges of issuing fictitious checks in Judge Eugene E. Theriault's court Friday morning and was remanded to the custody of the Riverside County Sheriff to await sentence by Superior court.

Baxter's apprehension followed long months of search by local Palm Springs police officials.

Mayor Draws A Blank With Fish Stories

Mayor Charley Farrell presiding over council session Wednesday oozed disappointment and sadness as followers of Isaac Walton sometimes do.

He told councilmen that during his stay at Toyon Bay he has taken every leisure occasion to go fishing. His heart, he said, was set on hooking a broadbill, and he did on two occasions.

"The first one," the Mayor said, "was so big it must have weighed two hundred pounds but it got away. The second one must have been the daddy of all broadbills but it, too, got away."

"You've got to believe me," Farrell begged, "as he stared into the blank faces of the councilmen," who listened as people are wont to do when they hear fish stories.

One-Run Hoodoo Still Unbroken

Palm Springs Electrics went over to Indio Thursday night to see if they couldn't break that one-run jinx. Throughout the season they have been taking beatings from Indio by the margin of a lone tally.

Their trip Thursday was fruitless. They couldn't break that jinx. Indio won, 2 to 1 in a tight ball game.

The Electrics, Desert League winners who play for the Mayor's Cup this week, suffered a heavy loss in the game when Joe Sandeffer, regular catcher, broke a finger and will be out of the series. The broken bone was set by an Indio doctor Thursday night.

The Villagers held a one-run lead until the seventh when Indio tied it up and lost in the last half of the ninth.

It was a pitcher's battle throughout with Devers doing great work for the PSE on the mound.

Desert Quail Provided For

Desert quail are going to have their own "spots" where they can congregate and drink water.

At Banning Sunday the Southwest Rod and Gun club dedicated its quail "guzzler" located east of the airport, making the fourth such watering tank placed in operation.

It was built for the Los Angeles Sportsmen's club by the San Geronimo Pass Fish and Game Conservation society.

Big game in Africa seems to be fairly plentiful, a recently returned scientific explorer states, but elephants and other big game no longer seem to run in big herds as they once did.

Local Forests Yield 35 Deer On Opening Day

Hunters in the San Jacinto and Santa Rosa mountains checked in 35 deer on opening day, U. S. forest service stations in the Idyllwild area reported Saturday.

On opening day in 1947, 40 deer were checked in on opening day.

State officials said that 341 hunters registered for the first day Thursday whereas last year, 475 trod the area in quest of deer.

Largest buck was taken Thursday in the Santa Rosa area. It was a five-pointer weighing 155 pounds.

Lamb Acquitted In Peace Trial

Carl T. Lamb charged with disturbing the peace September 11, was found not guilty in Judge Eugene E. Theriault's court Friday.

His cash bail of \$50 was returned to him.

Bailey Makes Fans Happy

There used to be an old saying about Earl Sande, one of the greatest jockeys of the nation: A handy guy is Sande.

Villagers who went to Pomona Saturday came back with a revision of this: A rail-ley guy is Bailey. Seems Jockey Bill Bailey has the knack of holding

the horses he rides to the rail on the half-mile Pomona track and thus upsetting the name horses, which, unused to the sharp turns, run wide. Bailey has won seven races out of ten so far and several Villagers, who had a hunch, were happier today.

Bowling Leagues Being Organized

Plans were under way today for a full winter of activity at the Palm Springs Bowling academy with at least five leagues in the process of formation. They will get rolling early in October.

According to present plans, there'll be a league night every night of the week. First league, the Commercial Group, is almost organized now and first matches are scheduled for Sept. 30.

A Woman's league is also being organized and names are being taken for the various teams this week.

All Villagers who like to bowl and want to get in on one of the various leagues, are urged to sign up now at the bowling alleys.
